AGRI WELD

Feeder/Mixer Buckets

www.agriweld.co.uk

Cereal Mixer Bucket

Mixes cereals, nuts, molasses, cake and concentrate.

- Mini 5'5" wide 1.4m³ and standard 6'6" wide 1.7m³
- Weight 625kg and 790kg
- 6mm reinforced plate
- Open chute and manual shut off flap fitted as standard. Hydraulic option available.
- 6mm auger flighting with 8mm thick segments at discharge end
- Hydraulic motor and gearbox driven
- All relevant hydraulic valves, hoses and fittings included as standard
- Hardox wearing edge

Mixing paddles

Bolt-on width adjustable brackets

Root/Cereal Bucket

For chopping roots and discharging cereals.

- Mini 5' wide 0.75m³, 6'6" wide 1.5m³ and 7'6" wide 1.7m³
- Weight 405kg, 535kg and 610kg
- Choice of cutting die for roots or open chute for cereals c/w stainless steel cutting blades
- Manual stone flap/shut off flap as standard
- 6mm auger flighting with 8mm thick segments at discharge end
- Direct flexi-drive motor protection system
- All relevant hydraulic valves, hoses and fittings included as standard
- Fits all handlers from skidsteer to telehandlers

Bolt-on width adjustable brackets

Micro Bucket

Root/cereal bucket ideal for smaller skid steer machines/front end loaders.

- 4' wide 0.3m³
- Weight 210kg
- Cereal discharge bucket and option to feed roots with addition of a cutting die
- Bracketing to suit small skid steer and tractor loader
- Cross line relief valve diverts the flow of oil to protect the motor/cutting die in the event of a blockage
- Reliable low maintenance machine
- All relevant hydraulic valves, hoses and fittings included as standard
- Ideal for small herds

Fixed position weld on brackets to suit
